## Practice Resources

### SAT Practice—Five Ways, All Free

The best way to get ready for the SAT® is to work hard in school. That’s because the skills and knowledge the SAT measures are the same ones you’re learning in class. But practice can also make a difference.

#### PRACTICE WITH KHAN ACADEMY

Go to Official SAT Practice at Khan Academy® for free practice materials and a practice plan. You’ll find full practice tests and questions, video lessons, and study and test-taking tips—and you can get personalized recommendations for practice that are based on your results on the SAT, PSAT/NMSQT®, PSAT™ 10, or PSAT™ 8/9. Sign up at the link below. When prompted, agree to link your Khan Academy and College Board accounts.

#### PRACTICE ON YOUR PHONE

Download our Daily Practice for the SAT app and get an SAT question to answer every day. You can ask for a hint if you’re stuck, check your answer instantly, and see the answer explanation.

#### TRY PRACTICE QUESTIONS ONLINE

Dip into sample questions online to see what Math, Reading, or Writing and Language questions or the SAT Essay prompts are like. You can check your answers instantly and see answer explanations.

[sat.org/sample-questions](https://sat.org/sample-questions)

#### TAKE A PRACTICE TEST ON PAPER

Make a trial run of test day by taking a full-length paper practice test. You’ll need a No. 2 pencil, an acceptable calculator, and a clock. Use the full practice test and answer grid in *The Official SAT Practice Test* booklet, which you can get from your counselor, or print the answer sheet and a practice test from our site. Score your test afterward by using the Scan and Score feature within the Daily Practice for the SAT app or the printable scoring guide.

#### START A STUDY GROUP

Studying with others helps you set goals, create a plan, and stick to it. Go to our website to get the why, how, where, who, and when on setting up your own SAT study group.

### SAT Subject Tests Practice

Are you taking an SAT Subject Test?

Try free online practice questions for your subject. You can ask for a hint, check your answer instantly, and see answer explanations. Check out the links to Khan Academy for subjects like Math, Physics, and Chemistry.

Download *The SAT Subject Tests™ Student Guide* from [satsubjecttests.org](https://satsubjecttests.org)—or ask your counselor for a copy—to get sample questions for every subject.
